

**Job Title:** Video Software Engineer

**Location:** San Antonio, TX

**Job Type:** Full Time

NewTek, the Emmy Award winning provider of innovative solutions for Graphics, Film, and Television Production recognizes that employees are at the core of its success. We recruit and retain highly qualified, motivated, and passionate individuals and provide them with an environment to grow, succeed, and share in the company's success. We believe that you should love your job and have fun doing it.

### **Description**

As a software engineer on the video engineering team you will work on the next generation of NewTek video products.

### **Required Experience**

- 3+ years professional experience in software development.
- Experience in the product life-cycle from product specification to shipping.
- Strong problem solving and communication skills, with a particular emphasis on working with customer, marketing, and sales teams to evaluate requirements for product development.
- Expert knowledge of C++, C or C# programming.
- Microsoft Windows development.
- Visual Studio development environment.

### **Desirable Experience**

- Experience in one or more of the following areas:
- Video compression and an understanding of standard file types.
- Graphics and algorithms.
- Linear algebra.
- Knowledge of video editing and live production.
- Implementation of hardware/software product design.
- Algorithm optimization, including use of compiler intrinsics.
- Object Oriented Design.
- MVVM/MVC Architecture.

NewTek has a development environment in which engineers are encouraged to take ownership on their areas. This position is available in the NewTek world-wide headquarters located in San Antonio, Texas, USA. NewTek offers competitive compensation, generous benefits, an excellent work environment and employee profit sharing. This position has career advancement opportunities as well as the immediate opportunity to work in a fast paced, high profile industry. Benefits include health, dental, and 401K. Applicants should send a cover letter and resume clearly stating the position being applied for to:
