

NewTek recently joined the Vizrt Family!

Vizrt group is a world leader in software-defined visual storytelling. We deliver tools that brings storytelling to life for Broadcast, Sports, Digital and eSports customers, such as CNN, Fox, BBC. Which in total generate about three billion viewers daily. As an IT Developer – part of the VizRT IT team – you will enjoy a flexible, relaxed work environment and the freedom to explore technologies and creative solutions and the opportunity to be a part of an active and successful company that develops new and interesting technologies in an international setting.

What You'll Do:

- Develop, troubleshoot, and maintain applications and systems in support of IT and other business units.
- Write code and create customizations for web sites of the company and supporting services.
- Create, update, and deploy customer-facing systems such as websites, eCommerce, and web APIs.
- Consolidate and migrate legacy systems and data to cloud and on-site business applications and services.
- Use test driven development, continuous integration, issue tracking, scheduling, and automation.
- Work with provisioning, deployment, and automation tools to deploy applications and sites.
- Use cloud computing, CDN, and other remote systems and services to facilitate business needs.
- Work closely with other IT staff as well as marketing, sales, R&D, Logistics, and other business units, to develop and integrate solutions that meet their needs.
- Other duties may be assigned.

What You'll Bring:

- Experience developing solutions using C#, ASP.NET, PHP, Python, SQL, and relational databases.
- Web development for digital experience systems using HTML, Javascript, CSS, CMSs, and Node.js.
- Development frameworks and deployment technologies like Git, SVN, Jekyll, and Docker.
- Proficiency with cloud solutions, Azure, and virtualization for both Linux and Windows operating systems.
- Experience with Sitecore CMS and marketing automation tools a huge plus.

- Experience with developing for eCommerce platforms, APIs, and web app front-ends also a plus.
- Works well in a crisis and able to brainstorm a solution in a group.
- Team-based planning and problem resolution, and yet able to perform independently.
- Ability to define problems, collect data, establish facts, and draw valid conclusions.
- Ability to interpret an extensive variety of technical instructions in mathematical or diagram form and deal with several abstract and concrete variables.
- Flexibility to move focus between tasks in different domains based on changing business needs, desire to assist other teammates to improve team skills, and ability to think outside the box.

What We Offer:

- We offer an exciting opportunity in an expanding international company with the potential for personal growth
- A caring environment with regular feedback and personal development
- Excellent time off programs
- A friendly and welcoming work environment with highly skilled colleagues
- We utilize innovative software development technologies and methodologies
- We create software and services that push creative boundaries and develop new ways of telling stories

About NewTek

NewTek, the Emmy Award winning provider of innovative solutions for Graphics, Film and Television Production, recognizes that employees are at the core of its success. We recruit and retain highly qualified, motivated, and passionate individuals and provide them with an environment to grow, succeed, and share in the company's success. We believe in the power of stories to make a difference. To make a difference for societies, communities, and individuals. Stories educate and engage in multiple perspectives, bringing clarity, balance, and understanding. Stories push for change and fight for the things we love. Our customers tell stories that reach 3 billion people a day with perspectives that change the world and entertainment that brightens the day for many. Vizrt/NewTek empowers stories that engage and impact societies through the creation of sophisticated tools for the storyteller to flourish in the art of storytelling. We will continue to take bold steps, act fast together and are committed to making an impact. If you are interested in challenging the status quo, join our movement.
